

THE ALABAMA REGION OF THE SPORTS CAR CLUB OF AMERICA WOULD LIKE TO INVITE YOU TO OUR SOLO EVENTS.

Events are held at
THE BIRMINGHAM RACE COURSE

WHAT IS SOLO? Solo, also called auto cross, is a driving skill competition, where you and your car negotiate a closed course marked with traffic cones. Cars and drivers are divided into classes, with the lowest time winning in each class. The turns come up quickly, with four times the turns of a road race. To get a good low time you must be smooth and precise, and quick.

It's just one car at a time, so there's little risk of trading paint with other cars. Solo speeds are relatively low, typically second gear for most cars. The skills you learn in the parking lot will greatly improve your car control, and help make you a safer driver on the street. The risk of hurting yourself or your car is much lower than most other motor sports, and it's a great place to learn car control skills while having a lot of fun.

If you've always been interested in competing, but can't afford to buy a separate race car, Solo may be the sport for you.

EVENT SCHEDULE

7:00	Gates Open
7:30 to 9:00	Registration
8:00 to 9:00	Tech Inspections
9:00 to 9:15	Devotional
